LANCASTER COUNTY
Redevelopment Authority

Request for Proposals (RFP)
Redevelopment Authority of the County of Lancaster

The Redevelopment Authority of the County of Lancaster is seeking proposals from experienced and qualified vendors with the capability to perform whole-home Comprehensive Site Evaluations (CSE) for a first-of-its-kind county-wide Whole Home Performance (WHP) Program Initiative. The Program is designed to combine funding from multiple federal, state, local, utility, and other sources in a single project to address a home's health, safety, and energy efficiency needs. The CSE is designed to collect data on the current condition of the home by combining a decent, safe, and sanitary home inspection and a full DOE Weatherization Assistance Program energy audit. The CSE is intended to develop a complete understanding of the home's condition so that health, safety, durability, structural, and energy efficiency improvements can be integrated into a single coordinated rehabilitation strategy.

Responses are due on September 3, 2026. For additional information, including eligibility, contractor requirements, and the RFP process, please visit: Lancaster County Housing & Redevelopment Authorities

Questions may be directed to Marisol Maldonado, Housing & Community Development Director, at (717) 394-0793, ext. 208, or hcd@lchra.com.
